5. Adjournment

Linda Tavoraro
First Vice President
APPA

Please confirm that you will be present at this Assembly by filling the form on our website at <http://appa.qc.ca/emsb/archives/646>

Explanation of the Agenda

In January 2016, the APPA requested that special education technicians and attendants for handicapped students complete a task related survey. Following the survey, the committee that was formed for this purpose conducted an in depth analysis. Their results & recommendations will be presented during this meeting. As this may impact your working conditions and positions, we strongly encourage all special education technicians and attendants for handicapped students to attend in order to have an opportunity to voice their opinion, to propose and/or to modify the recommendations

Please ensure to share this with your colleagues as both regular and temporary staff are invited.
